

PADI PRO Platinum Package

Our Go PRO Platinum Package is designed for instructors who aspire to become fully immersed in the Instructor Development process. This comprehensive program spans a minimum of six months, offering a comprehensive experience that builds upon our Go PRO Silver and Gold Packages offerings, as previously outlined. In addition to the benefits included in the Silver and Gold Packages, the Go PRO Platinum Package includes:

PADI IDC Staff Instructor Course: Once you've been a PADI Instructor for six months and achieved your PADI Master Scuba Diver Trainer rating, you'll commence this hands-on course. As part of your IDC Staff Course, you will also audit an entire IDC, enhancing your instructional skills.

Professional Liability Insurance: Following the successful completion of your PADI Instructor Examination (IE), Sugar Land Dive Center goes above and beyond by providing you with Professional Liability Insurance. This coverage extends to all PADI courses you conduct at our center, ensuring peace of mind.

Tropical Training Opportunities: You also have the option to complete your PADI IDC Staff course and audit a PADI IDC in Cozumel with our sister location, Cozumel Dive Academy. This would require a minimum of three weeks in Cozumel.

Ongoing Workshops and Professional Development Clinics: These specialized workshops and clinics offer you the chance to further enhance your expertise in a retail dive environment. You'll have the opportunity to earn additional Specialty Instructor ratings and participate in equipment servicing clinics hosted by equipment manufacturers.

By choosing the Go PRO Platinum Package, you'll gain the knowledge, skills, and confidence to be a valuable member of an instructional team, capable of teaching and certifying up to the PADI Assistant Instructor rating.
